Subject: EPA & WVDEP CA Call - 8/21 - Notes
Attachments: Permitting&CA8-21.docx

Here is the updated sheet for the call that was held on 8/21. I also verified that Bayer Material Science CC was in RCRAInfo. Changes are in red font, and there is one item in yellow that was an action item for Luis from that last meeting (unsure if it has been done).

Based on my information, for FY14, it looks like that WV has completed the HH EIs for Chemical Leaman & Huntington Alloys and CC for Bayer Crop Science. Still hoping for CC completes for Koppers and PPG. Thanks to WV for all their hard work this 2nd half of the year ☺

Next meeting is scheduled for November 20th at 10 am.

Thanks again....
